

Memo *Finishes*

Finishes are integral in our efforts to honor the essential. Guided by the insight and sensibilities of the designer Laura-Guido Clark, we've selected finishes that bring out the natural character of materials while also imparting rich tones, textures, and temperatures. Curated with these characteristics in mind, we offer a dynamic palette that includes colors from neutral to bold, temperatures from cool to warm, and textures from matte to gloss.

Our *Colors and Finishes*

Wood/Veneer

Memo finishes on solid wood and wood veneer are created using a two-step conversion varnish, formulated to withstand the wear and tear of commercial interiors. They are applied using a combination of hand rubbed and spray methods to allow the best expression and preservation of the visual characteristics and warmth of wood.

Metal: Stainless Steel & Powder Coat

Brushed stainless steel is available on select metal components. Our stainless is a 200 series stainless, with a #4 brushed finish, and has been selected for commercial interiors.

Powder coating offers a durable approach to finishing metal components that is ideal for commercial interiors and is environmentally considerate. Memo offers a selection of warm and cool metallic neutrals in smooth and textured varieties, chosen to thoughtfully complement adjacent materials and finishes.
