

Memo *Finishes*

Finishes are integral in our efforts to honor the essential. Guided by the insight and sensibilities of the designer Laura-Guido Clark, we've selected finishes that bring out the natural character of materials while also imparting rich tones, textures, and temperatures. Curated with these characteristics in mind, we offer a dynamic palette that includes colors from neutral to bold, temperatures from cool to warm, and textures from matte to gloss.

April *Colors and Finishes*

Wood/Veneer

Memo stains on solid wood and wood veneer are created using a two-step conversion varnish, formulated to withstand the wear and tear of commercial interiors. They are applied using a combination of hand rubbed and spray methods to allow the best expression and preservation of the visual characteristics and warmth of wood.

Painted Wood

Our painted wood finishes are created using a three-step process formulated to achieve a durable and uniform opaque coat. Polyurethane primer, base-coat, and top-coat, are applied on every product, and together provide the resilience needed for commercial use.
