Terms of Sale

Pricing Policy

All prices shown for products and accessories are manufacturer's suggested list price. Prices shown do not include appropriate taxes, crating (if applicable), storage and installation charges. Memo reserves the right to amend price lists, change designs, and discontinue or add models without prior notice. Price list of latest date supersedes and cancels all previous lists. All orders accepted are subject to prices upon receipt of order.

Payment Terms

Except as otherwise specified, all orders require a 50% deposit with the balance due with thirty (30) days from the invoice date. All payments are payable in U.S. dollars. Lead times start after the receipt of deposit. Payments not made by the due date may incur, at the sole discretion of Memo, a late payment service charge of 1.5% per month. All payments and deposits are non-refundable.

Changes and Cancellations

Customers will receive a written confirmation of pricing, credit terms and estimated completion date. Changes to orders or cancellations made after production has begun will carry extra charges based on expenses incurred.

Shipping

Memo list prices include standard cartoning and standard surface freight to any point within the 48 contiguous United States. For shipments to Alaska, Hawaii and International destinations, additional shipping and handling charges will apply. Additional freight charges will be provided at the time of quote. Orders are shipped blanket wrapped as standard. If crating is requested or required, additional charges will apply. For a schedule of crating charges, please consult page 6 of this pricelist.

Freight Claims

Product is shipped FOB Factory, freight prepaid and allowed via truck. The title of goods changes to the purchaser when merchandise leaves Memo's dock and any subsequent freight damage and all freight claims are the responsibility of the purchaser. All shipments are transferred to the transportation company in good condition.

Purchaser should inspect cartons and product upon receipt and note the condition and any damage or shortage on the Bill of Lading. The purchaser should file all claims of evident damage or product shortages with the freight company and request an inspection. Shipping cartons and packaging should be retained for carrier inspection and the damaged product should be kept in the receiving location. If the freight carrier will not perform the inspection, purchaser should prepare an affidavit; noting that the freight company refused to comply with an inspection - citing date and time.

Any concealed damage claims against Memo for apparent damages must be made by the purchaser in writing within seven (7) business days after delivery. Failure to do so shall constitute acceptance of the product and waiver of any apparent damages. Any relevant damage or shortages to blanket wrapped shipments must be noted on the Bill of Lading at the time of delivery.

Custom Requests

Requests to modify existing products (Modifications) or to produce ground-up solutions (Specials) should be submitted to our customer service group, at which time they will be assessed and submitted for design and engineering approval. All custom requests will elicit a receipt and a response will be provided within 48 hours of receipt. Upon approval, a price and lead-time quote will be generated and provided for customer review and acceptance.
