Memo is glad to grade in textiles from suppliers other than Camira, Kvadrat, and Maharam per customer requests. A grading fee of \$200 NET per pattern, per product, will apply in such cases. Please contact us to submit grading requests.

When specifying graded-in textiles the projected completion date of your order may exceed our normal lead times due to constraints of the textile supplier. In such instances, Memo will promptly communicate such delays and advise on adjusted lead times.

Textiles are subject to the quality and shipping standards of the provider. Memo assumes no responsibility for defects, color inaccuracies, shortages, wear, or performance of textiles.
